STATUTORY DECLARATION

Statutory Declarations Act 1959

In the matter of:
Trade Wind Communications Ltd
United States patent application no 10/523153
A bulk communications process using multiple delivery media

I, Carl David Harrap, of c/- Freehills Patent & Trade Mark Attorneys, Sydney Australia, do solemnly and sincerely declare as follows:

- 1 I have made two previous declarations in relation to this matter.
- 2 In response to the specific statement in the Decision On Petition dated 18 October 2007 that 'A request from the Postal Service for Mr Stewart's forwarding address was not made' I considered it extremely unlikely that Australia Post would provide a forwarding address, as this information is considered confidential in Australia. Nevertheless I asked my colleague at Freehills Patent & Trade Mark Attorneys, Robert Koung, to contact Australia Post and request the forwarding address of Michael Robert Stewart. Robert Koung reported to me that he made an inquiry with Australia Post on 14 November 2007 by phone and that the response from Australia Post was that it was not able to disclose to us a forwarding address because of privacy issues.
- 3 In response to the specific statement in the Decision On Petition dated 18 October 2007 that 'Petitioner's statement of facts under 37 CFR 1.47(a) does not indicate that any internet search for Stewart's new address was made' I personally performed a search using the UK domain addressed Internet search engine Google on both 13 November 2007 and on 5 February 2008. Both had similar results and I attach as exhibit A print-outs of the results of the searches conducted on 5 February 2008.
- 4 The searches for "Michael Stewart", "M R Stewart" and "M Stewart" on the web and on pages from the UK resulted in thousands of hits, which I considered too many to enable any useful investigation as to the location or contact details for Mr Stewart.
- 5 A search for "Michael Robert Stewart" on the web resulted in 16 pages. The reference to 579 pages on the enclosed print-out appears to a recurring error. I viewed each of these sites, which either provided no leads on how to contact the person referred to, or it was clear that the person referred to resided in North America, not the UK or Australia. A search for "Michael Robert Stewart" in pages from the UK resulted in no hits.
- 6 I hereby declare that all statements made herein of my own knowledge are true, and that all statements made herein on information and belief are believed to be true; and further that these statements were made with the knowledge that wilful

false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such wilful false statements may jeopardise the validity or enforceability of the application or any patent issued thereon.

I understand that a person who intentionally makes a false statement in a statutory declaration is guilty of an offence under section 11 of the *Statutory Declarations Act 1959*, and I believe that the statements in this declaration are true in every particular.

Declared at Sydney on 15 of February 2019
